

The Cambridge-Yerevan Sister City Association

Virtual ANNUAL MEMBERSHIP MEETING via Zoom with guest speaker

Dr. Lorky Libaridian, Physician and Medical Director for Performance Improvement in Primary Care, Cambridge Health Alliance

“COVID-19 in the Sister Cities Cambridge and Yerevan”

Dr. Libaridian currently works at Cambridge Health Alliance, where she sees patients of all ages, and is the Medical Director for Performance Improvement in Primary Care. She completed a fellowship in Innovation, supported by the Gold Foundation. Her work and research interests include improving chronic disease management, as well as pediatric well care and vaccination. She is an instructor in Medicine at Harvard Medical School.

Dr. Libaridian’s experience in healthcare in Armenia spans several decades; her work in Armenia has focused on education and training of family medicine residents as well as practicing primary care physicians using group and problem based participatory methods. She has presented and lectured at numerous conferences in Armenia. This past year, her work in Armenia has focused on healthcare worker trainings related to Covid, as well as working with public health and mental health initiatives related to events of the past year.

Thursday, June 10, 2021
